Subject: Letter of Support for Development Variance at 2595 Queensway

To Whom It May Concern,

As a local business in the Queensway neighborhood, we are pleased to offer our support for the proposed redevelopment of 2595 Queensway by Wilson M Beck Insurance Services.

We believe this project will bring positive change to the area by transforming the former pub and unfinished denturist office into a professional office space. The planned renovations and improvements to the building's exterior will enhance the property's appearance and contribute to the overall revitalization of the neighborhood. Additionally, the proposed office use will generate less pedestrian and vehicular traffic than the previous occupants, helping to maintain a quieter and more business-friendly environment.

We support Wilson M Beck's efforts to invest in and improve this property, and we believe their presence will be a valuable addition to the local business community. We encourage the City to approve their variance request so they can move forward with their plans.

If any further information is required, please feel free to contact us.

Sincerely,

[REDACTED]
