RE: Bid to host 2026 Canadian Native Fastball Championships

Dear Bid Committee,

On behalf of Prince George City Council, I am pleased to offer our full support for the City of Prince George's bid to host the 2026 Canadian Native Fastball Championships.

Prince George takes great pride in our sporting facilities, athletic programs, and community spirit. We are committed to delivering exceptional experiences for athletes, coaches, officials, and their supporters. Since the 2015 Canada Winter Games, which remain the largest sport and cultural event ever hosted in northern British Columbia, we have continued to build our reputation as a premier destination for national and international sporting events.

Our community is known for its warm hospitality, dedicated volunteers, and enthusiastic spectators. With excellent amenities and a strong record of hosting major tournaments, we are confident that Prince George would be a remarkable venue for the 2026 Canadian Native Fastball Championships.

Thank you for considering our community for this prestigious event. We look forward to welcoming athletes and fans from across the country.

Sincerely,

Mayor Simon Yu
The city of Prince George
