### RE: Letter of Support to REAPS Application for a Community Gaming Grant

To Whom It May Concern,

On behalf of Mayor Simon Yu and the City of Prince George, I am pleased to provide this letter in support of the Recycling and Environmental Action Planning Society (REAPS) and their application for a Community Gaming Grant.

REAPS plays an integral role in advancing environmental stewardship and public education in our community. Through their school and community programming, they have consistently promoted sustainable practices, waste reduction, and environmental awareness among residents of all ages.

The City recognizes the importance of this organization's work in fostering long-term behavioural change and community engagement around environmental responsibility. We believe that continued funding will allow REAPS to further its impact and reach across Prince George.

We strongly support REAPS in their request for funding and commend their ongoing contributions to the health and sustainability of our community.

Sincerely,

Mayor Simon Yu  
The city of Prince George
