I sent a pic and details to counselor Bennett about the loo in Smithers. I have spent a fair bit of time in Smithers and this loo is less than 100ft from an open air coffee shop and I have yet to see a problem here and I believe they clean it daily. Contact them and find out! Thanks

Hey

Thank you for this. I just completed the survey.

I recently had a wait at the ferry in Horseshoe Bay and visited their lovely new waterfront park. They have a bank of washrooms. Individual stalls that each have a sink. No need for three separate gender-based facilities. No idea how they're going to hold up, but they were innovative.

Again, thank you - washrooms are important
