Since the city of Prince George has allowed a temporary permit #TU000056 for Done Right AUTO at Cook Cres., there has be a increase in noise.

The noise is from shop work, example; air tool, hammering sounds, tow trucks, part delivery cars and customer car and trucks. The lot in sub is large and because of the shop location it acts like a large speaker for my lot at 5570 Cook Cres. There are times when the business is working past 5 P.M. and on Saturday it is full time two bay shop.
