RE: Proposals "City of Prince George Official Community Plan Bylaw No. 8383, 2011, Amendment Bylaw No. 9082, 2019" AND "City of Prince George Zoning Bylaw No. 7850, 2007, Amendment Bylaw No. 9083, 2019"

---

I am in favour of the above proposal with the following conditions:

1. Zero tolerance for drug and alcohol consumption anywhere on the abovementioned Neighbourhood Centre, Corridor and Neighbourhood Centre, Residential, as well as on surrounding public properties, including parks and wooded areas maintained by the city.
2. 11 o'clock curfew in all above areas.
3. The creation of bylaws in the Neighbourhood Centre, Residential regulating the number of renters and overnight guests in each unit, including parking spaces.
4. Zero tolerance for squatters' camps in the proposed Neighbourhood Centre, Residential and surrounding public properties, including parks and wooded areas maintained by the city.

I require that these rules and bylaws be strictly enforced directly by city law enforcement, including the RCMP.

-R.M.
