Dear Mayor Cumming,

On behalf of Prince George City Council, thank you for copying us on your letter to UBCM dated January 19, 2021 regarding the BC Hydro 2020 Street Lighting Rate Application.

We have seen that, since the date of your letter, UBCM has clarified their advocacy position as a member of the Commercial Energy Consumers Association and has solicited feedback from membership. Additionally, Prince George Council has referred this matter to its Standing Committee on Intergovernmental Resolutions for further advocacy.

Thank you for your work to raise the profile of this important issue.

Sincerely,

Mayor Lyn Hall
