Dear Mayor and Council,

We would like to express our support for the Transition House project being considered for lots 606, 614, and 622 Zelkwas Avenue in Prince George. We are residents of the neighborhood and live quite close to the proposed site. We welcome the project both as a partial solution for specific housing needs in our city, and as the right thing to do when our citizens need a helping hand.

There is a petition circulating in our neighborhood urging residents to oppose this project. We would like to express our support, and also our gratitude that the city is encouraging this kind of partnering to provide solutions to ongoing housing needs in the city.

Thank you,

Rob and Bonnie Watt
