Good day

I'm a resident of Rainbow Park area where the proposed Transition House is to be built on Zelkwas.

I live directly across from the proposed site.

No one in this area was consulted about this.

We found out after the second reading was passed.

And now to find out, we the residents that are all opposed to Transition House Complex aren't even aloud to go to the Third reading.

The case majority of the resident Don't want this in our neighbourhood.

We understand the situation these women are in, But now you are going to put this neighbourhood at risk of having undesirable people connected to these women in our neighbourhood.

Did you even stop to think about the Daycare that is in the Church?

We find drugs and needles in this parking lot all the time. Yes we have proof.

If this goes thru our property values will go down. And we will be selling along with several others.

Is the City going to make up for our loss?

Probably not.

This area is diverse enough.

The homeowners all take pride in this area.

I don't want to have to start looking over my property for Needles and Drugs, before I let my dogs out.

I am 100% opposed to this going in.

Thank you

Amanda Annis
