To: Mayor and Council of Prince George.

I live at 611 Zelkwas Avenue directly across the street from this Transition House Complex for women. I am opposed to this happening in our neighbourhood. I do hope Mayor and Council really think about the families that live in this area.

We already witness people doing drug deals, hookers doing their John's, people even abusing their drug of choice out in the open for children to look out their windows to see. Yes first thing in the morning, really it does not matter to these people. Episodes will only get worse, including theft.

What will happen to our property value.
What about parking.

Mayor and Council I have confidence that you will come to your senses and do the right choice. NOT in our neighbourhood!

Thank you
