

Hi This is Elizabeth Tessier I live on Zelkwas
ave right across from the church. That is
where you guys want to build the Harmony
House. I got that the people that own the
Trinity Church want the money but do you
realize that there is kids that live all around
here, especially younger kids like myself.

I walk to school and I don't want some
wardo following me when I walk by
myself. Also me and my family don't want
some drug addict or any person breaking into
our house or backyard stealing stuff. Also
there is no where for people to park
because they are not going to park in front
of my house or any other house on
this block. Sincerely Elizabeth Tessier.
