Subject: Support for Zelkwas Harmony House -- Please include in tonight's meeting

We are a family in support of the Zelkwas Harmony House.

We don't live in the immediate area, but have children in lessons at the conservatory, and frequently visit friends in the neighbourhood.

Services provided by Harmony House seem vital to creating healthy, safe futures for women and children who may be experiencing a range of challenges in their lives. Supports like these can help break cycles of poverty, abuse, addiction, and intergenerational trauma. I want our community to be one that welcomes these services which are needed more than ever in the wake of Covid-19.

This site seems like a good choice in being near schools, parks, and grocery stores.

We hope the city will approve this project which will support woman and their children to live safer, healthier and happier lives.
