

The content of our Change.org petition is as follows:

<https://www.change.org/p/city-of-prince-george-develop-4500-ospika-blvd-prince-george-into-256-student-housing-units>

The HUB Collection started this petition to The city of Prince George

Application: CP100164 and RZ100678. The HUB Collection is applying to The City of Prince George to increase the density on 4500 Ospika Blvd for the purpose of building 256 student housing units. The property is currently zoned multi-family and well situated with regards to proximity to amenities and campuses. The proposal is in line with the Official Community Plan.

Economic impacts to Prince George will include job creation, increase in the tax base, and will increase the desirability of Prince George as a destination for post secondary education.

Please sign our petition to indicate that you are a resident of Prince George, BC, you support the proposed rezoning, and you would like to see the proposed development proceed as planned.

The HUB Collection

Recipient: The city of Prince George

Letter: Greetings,

Develop 4500 Ospika Blvd, Prince George into 256 student housing units

Signatures
